Opportunity

The next President of the University of Iowa will have an unparalleled opportunity to take one of the nation's top comprehensive research universities to the next level with the support of outstanding faculty, students, staff, and external constituencies. Building on a 168-year foundation of innovative thinking, Midwestern values, and a spirit of collegiality, the campus boasts many nationally and internationally recognized programs across undergraduate, graduate, and professional disciplines. We are searching for a principled leader who can harness the University's dual strengths of rich traditions and innovative thinking, while inspiring and championing a collective vision. Although our institutional reach is far beyond Iowa City, the campus is anchored in a true college town that is frequently praised for its quality of life as well as its educational and cultural vibrancy.

About the University

Founded in 1847, the University of Iowa is Iowa's flagship university and a world-class teaching and research institution. A member of the Association of American Universities since 1909 and the Big Ten Conference since 1899, the University has outstanding business, dental, education, engineering, law, liberal arts and sciences, medical, nursing, pharmacy, public health, and graduate colleges. It is also tremendously proud of its more than 31,000 students and hundreds of thousands of loyal alumni.

The University is nationally and internationally recognized for high-quality programs across a variety of disciplines. US News recently ranked twenty-five of the University's graduate programs in the Top 25, from Law to Social Psychology to Nursing to Physician's Assistant to Public Health programs. With particular strength in the health sciences, the University boasts one of the nation's largest and most prestigious academic medical centers, including the Carver College of Medicine and University of Iowa Hospitals and Clinics (UIHC). UIHC is not only on the cutting edge of patient care, but was also recently ranked the number one health care employer in the country by Forbes magazine. Moreover, the University is a leader in innovation and entrepreneurship. With the dynamic Tippie College of Business, a growing College of Engineering, and an expanding research park, the University is poised to transform today's nascent ideas into tomorrow's successful companies.

A pioneer in higher education, the University was the first public university in the United States to admit men and women on an equal basis and regardless of race. It also led the country in inventing the Master of Fine Arts (MFA) degree. The renowned Iowa Writers' Workshop and International Writing Program remain the most respected and competitive in the world. In addition, the University is the proud recipient of the 2015 Carnegie Community Engagement Classification, the gold standard of recognition for community engagement efforts at institutions of higher education.

The University of Iowa values teaching and research excellence, academic freedom, diversity, and shared governance. Central to the University's mission is a distinguished faculty of more than 1,600 tenured and tenure-track faculty and 1,100 clinical-track and other faculty across all colleges. Expert staff, including more than 12,300 in the University and 11,000 in the hospital and UI Health Care, provide outstanding support services.

Situated on the picturesque Iowa River, the campus spans 1,700 acres and more than 500 major buildings. It is well-poised for future growth with many new buildings recently or soon to be completed, including impressive residence halls, a state-of-the-art children's hospital, biomedical research and public health buildings, and spectacular fine and performing arts venues. The campus is located in Iowa City, a
UNESCO City of Literature, within a short driving distance to major metropolitan areas. With a diverse community, excellent schools and libraries, and a vibrant cultural life, Iowa City is casual, comfortable, and cosmopolitan.

Professional Fee

February 6, 2015

Marcia R. Brunson
Policy and Operations Officer
Board of Regents, State of Iowa
11260 Aurora Avenue
Urbandale, IA 50322

Ms. Brunson:

We are prepared to represent the Board of Regents, State of Iowa in this search for a set fee of $200,000. Our fee would be invoiced in three equal increments at the beginning of the search and 30 and 60 days thereafter (Terms will be Net 30, 1.5% per month). In addition to the professional fee, out-of-pocket expenses are invoiced to the client. These expenses include such items as teleconference calls with the search committee; research and delivery services; and travel and interview expenses for the search consultant. We make every effort to hold reimbursable expenses to a minimum and will ensure that our expenses are no more than 10% of the fee. Advertising, committee interview and travel expenses, and candidate travel expenses are not included in the 10% expense budget and will be invoiced separately to the Board of Regents, State of Iowa along with the appropriate documentation.

You may terminate a search for any reason upon notice. If this occurs within the first three months after we commence our engagement, the fee for our services up to that point shall be equal to the set fee, prorated on a per diem basis over the initial 90-day period. If the termination occurs after the 90-day period, the fee for our services shall be the set fee. If for any reason the candidate selected leaves the University of Iowa during the first 12 months, we will conduct an assignment to replace that individual without additional fee, but for out of pocket expenses only. We commit our professional effort to each search, and we will continue until the position is filled or until we are both satisfied that every reasonable effort has been made.

Best regards,

Re: Executive Search Services

Mr. Donley,

We are pleased and honored to have the opportunity to represent the Iowa Board of Regents in the search for the next President of the University of Iowa. We look forward to meeting the Search Committee and other University constituency groups to discuss in detail the position, the required qualifications of potential candidates, and the timing of the search process. We will use the information and objectives provided by you and the Search Committee to recruit a qualified panel of candidates.

Scope of Work:

- **Understand the purposes and goals of the University of Iowa.**
  - Parker Executive Search will visit the University, its leadership, and those involved in the search in order to gain an understanding of the history, structure, and operations of the organization.
  - We meet with all interested parties involved in the search process to clearly understand and clarify the expectations for the search assignment.

- **Develop position specification.**
  - We will assist the Search Committee in identifying basic responsibilities, title, reporting relationships, and experience required in order to prepare the updated position specification.
  - We will provide the Search Committee with sample specifications and assist in fine-tuning the specification, as requested.

    - Delivery dates for the candidate recommendation and final report;
    - Interim meeting dates with the Committee and others as required.
  - In addition, interview dates, locations, and responsibilities will be established as agreed upon, using the timeline as a guide.
• Timelines are designed to also clarify who is responsible for the execution of each objective and target date.

• The search firm will assist and advise the institution on appropriate advertising venues, which may include, but are not limited to:
  ○ The Chronicle of Higher Education
  ○ Diverse Issues in Higher Education

  ○ One of the objectives of the search process is to give the client, candidates, and general public a substantial comfort level that the search has been conducted professionally and efficiently.

• Original research and candidate identification will continue throughout the search process.
  ○ The search firm uses both original research, as well as a careful review of the database, complimented by advertising in appropriate publications to identify and recruit qualified candidates to compare and evaluate against the position specification and each other.

• An assessment will continue throughout the search process.
  ○ The search firm will obtain an understanding of accomplishments, capabilities, strengths and weaknesses, and potential for success for each candidate through resume review, telephone screenings, job specific questionnaires, and, in some instances, personal interviews.

• The search firm will advise and facilitate the process.
  ○ The search firm shares all information with the appropriate representative(s) of the University of Iowa. The search firm recommends candidates who are qualified and meet the specifications for the position, but the search firm does not have a vote in the final selection process.

  o Have candidates sign a statement of accuracy of vita and/or bio.

• Conduct reference checks on final candidates.
  o We speak directly with individuals who are in positions to evaluate the candidate’s performance in recent years.
  o We encourage the Search Committee to conduct references on final candidates.

• The search firm will work with University representatives in all candidate follow-ups, to include recruiting the preferred candidate.
  o The firm will be involved in working with the client in concluding the search process, including salary and benefit negotiations, when appropriate.
  o In addition, the firm will continue to work with the successful candidates and maintain a close contact, including quarterly telephone conversations to ensure a smooth transition.

• Candidate Follow-Up.
  o The search firm will follow-up with all candidates who were not selected for final interviews, or ultimately extended an offer for the position.
  o It is the desire of the search firm to ensure that the University of Iowa has been represented professionally, and all interested parties feel that they have been given fair and open access to the search process.

We are prepared to represent the University of Iowa in this critical search assignment for a total set fee of $200,000. The fee will be invoiced in three equal increments of $66,666.66 at the beginning of the search and 30 and 60 days thereafter. In addition to the professional fee, direct expenses are billed on an out-of-pocket basis. These expenses include items such as teleconference calls with the
committee, research and delivery services, as well as travel and interview expenses for the search consultants. We make every effort to hold reimbursable expenses to a minimum and will ensure that our expenses are no more than 10% of the total fee. Advertising, committee interview, committee travel, and candidate travel expenses are not included in the 10% expense budget and will be invoiced separately to the University along with proper documentation.

You may terminate the searches for any reason upon notice. If this occurs within the first three months after we commence our engagement, the fee for our services up to that point shall be equal to the set fee, prorated on a per diem basis over the initial 90-day period. If the termination occurs after the 90-day period, the fee for our services shall be the set fee, which is equal to $200,000.00 plus administrative expenses (capped at 10%) and reimbursable expenses.

If for any reason either candidate selected leaves the University of Iowa during the first twelve months, we will conduct an assignment to replace that individual without additional fee, but for out-of-pocket expenses only, capped at 10% of the original set fee, and expenses invoiced separately to the University to include advertising, committee interview and travel expenses, and candidate travel expenses. We commit our professional effort to this search, and we will continue until the position is filled or until we are both satisfied that every reasonable effort has been made.

We are extremely pleased to have the opportunity to serve you and the University of Iowa, and to work with the Board of Regents and the Search Committee to identify and recruit the best available candidates for your consideration. If you are in agreement with this letter of understanding, please sign and return it for our files.

Best regards,
